for experts to analyze the quality of items due
the quality process automation

What our clients say

DR. HANI SALEM MOHAMED ATWA
HEAD OF MEDICAL EDUCATION UNIT,
ARAB GULF UNIVERSITY, BAHRAIN

DigiAssess is designed especially for KSA's
educational system to fit easily in outcome
competency based assessment User
friendliness & customized design allows the
stakeholders to adopt the system easily.

DR. SYED MUKHEET UR RAHAMAN
DIRECTOR OF QUALITY ASSURANCE
CENTRE, IBN SINA NATIONAL
COLLEGE FOR MEDICAL STUDIES, KSA

Working with DigiVal Solutions was a
jaw-dropping experience! They gave us simple
solutions and drastically reduced our time
to plan. DigiAssess converted the complex
process involved in learning, teaching and
assessment into simple and smart. DigiVal really
made a big difference in improving the quality
of our college.

PROFESSOR, JAMES O'KANE
INTERNATIONAL CHAIR AND
PANEL MEMBER AT NCAAA
MEMBER OF THE BOARD OF GOVERNORS
AMITY UNIVERSITY IN LONDON

Professor expressed that ISNC should be
commended for customizing DigiClass and
DigiAssess, paving way for continuous
evaluation of learning outcomes achievement.

PROFESSOR, JOHN PHILIP REGAN
ENGLISH AND SOFT SKILLS INSTRUCTOR
SAUDI LOGISTIC ACADEMY

DigiAssess, well-designed tool that will make
exam preparation, marking and analysis so
much more meaningful in the future.
Lessening the time burden for us as facilitators
and teachers and increasing the learning
experience for students.

**Tailor-made solutions
made complete with
empathetic support.**

A WORD FROM A LEADER IN EDUCATION

Dr. Rashad Al Kashgari
Dean,
Ibn Sina National College for Medical Studies,
Jeddah, KSA

DigiClass and DigiAssess software adopts to the institution process and workflow. The DigiVal team makes sure the software fit exactly to our process and the team provided extraordinary timely support.

They also actively engaged in solving the internal technical issues related to existing digital ecosystem to overcome the implementation challenges without mentioning it was the client's issue, which is an admirable action of empathy. Such extended empathetic services are definitely needed for educational institutions to successfully achieve the outcomes of digital transformation.
